<u>BTCC</u> is one of the oldest / most established cryptocurrency exchanges, supporting some of the most prominent cryptocurrencies on the market, including Bitcoin, Litecoin, and Ethereum. The exchange has comparatively minimal trading fees for its users.

<u>Trading futures</u> is BTCC's highlight feature. It stands out for the wide range of futures contracts available, including options for expiry periods (quarterly, annual, etc.) and leverage (up to 225x), allowing users to tailor their trading strategies to their market expectations, investment goals, and risk tolerance.

Unlike spot trading, it allows users to speculate on the future price movements of cryptocurrencies without actually possessing them, as in a crypto wallet. This style of trading allows for both long and short positions, giving you the ability to profit from both market uptrends and downtrends.

## 1.What is BTCC?

BTCC was founded in June 2011 with the goal of making crypto trading reliable and accessible to everyone.

We also have crypto licenses in the United States, Canada, and Europe. Through the ups and downs of numerous market cycles, BTCC has supplied safe trading services with cutting-edge technology for the past 11 years. As the world's oldest crypto exchange, BTCC has always placed a great emphasis on enhancing every area of trade, seeking to establish a fair trading environment for all crypto enthusiasts worldwide.

The exchange has attracted over 2 million users from around the world as a result of the extensive range of services it provides, which is a direct result of the compliance and trust of its users. The trading of futures contracts on a wide range of cryptocurrencies with up to 225x leverage, as well as spot trading on a few tokens, is the most prominent of these services.

The precise number of cryptos listed fluctuates as BTCC consistently endeavors to update its

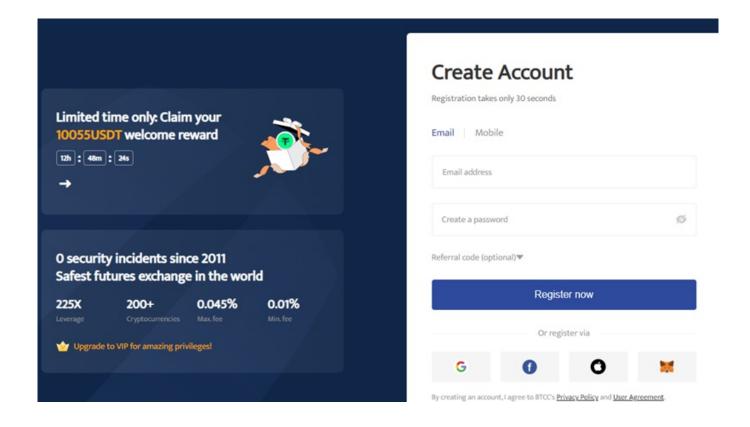

selection to encompass both established and emergent digital currencies, thereby adapting to the ever-evolving dynamics of the cryptocurrency market.

Additionally, the platform has distinguished itself by its user-friendly interface, which ensures that it is accessible to all, irrespective of their level of cryptocurrency expertise. Its reputation as one of the most widely used and respected cryptocurrency exchange platforms globally has been solidified by its capacity to adapt and innovate rapidly.

# 2. How to Register an Account on BTCC?

## 2.1 Open an Account

Creating a new account is the initial stage in beginning to trade on BTCC. To prevent falling victim to phishing attacks, ensure that you visit the official BTCC website and select the "Register" icon located at the top of the page.

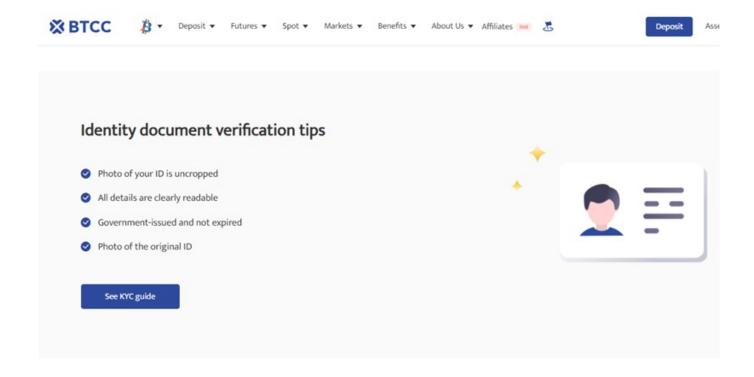

This will redirect you to the registration page, where you will be required to submit some basic information, including your email address or phone number and a password. Enter the Referral code below to receive rewards if you have been referred by another BTCC user.

Next, you will receive a confirmation email to validate your identity. Execute the procedure by adhering to the instructions provided in the email. This procedure guarantees that your new BTCC account is exclusively accessible to you.

### 2.2 Verify Your Identity

In order to comply with KYC/AML regulations, licensed crypto exchanges such as BTCC are required to identify all registered users. To accomplish this, you will require a government-issued identification document, such as a national ID, passport, or driving license.

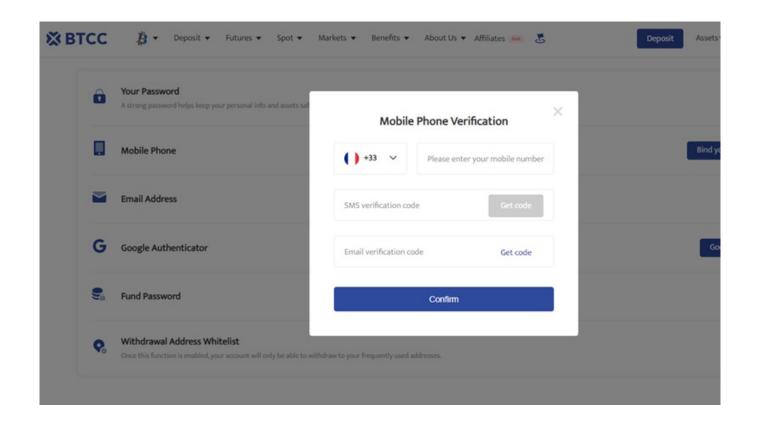

Not only will your account be verified, but your daily transaction limit will be increased, and you will be eligible for a variety of special offers (coupons/rebates) by uploading a photo of your document(s).

#### 2.3 Secure Your Account

It is imperative to safeguard your account and prevent unauthorized transactions or access once it has been verified. You can simply activate two-factor authentication (2FA) in your account settings, which adds an additional layer of security.

Furthermore, it is crucial to employ a password that is both unique and complex, and it may be beneficial to employ a password manager. It is imperative to safeguard your investments by ensuring the security of your account.

# 3. How to Deposit Crypto on BTCC

After successfully opened an account on BTCC. There are two ways to deposit on BTCC.

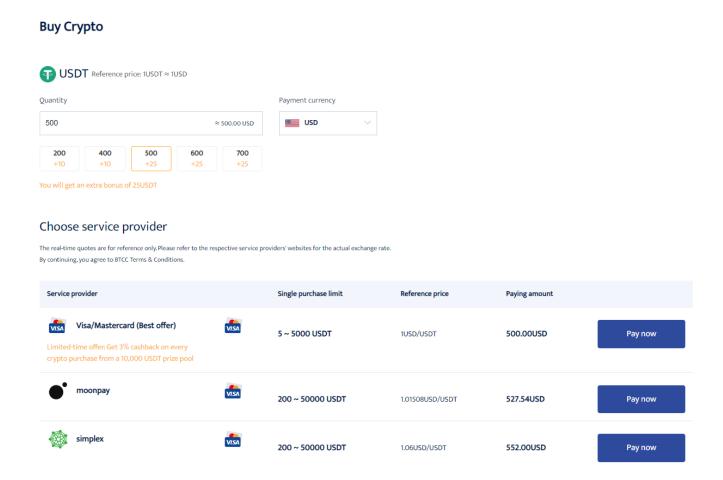

• Buy Crypto with Fiat currency → transfer the crypto to your BTCC account

• Deposit crypto from your wallet or other exchanges to your BTCC account

## 3.1 Choose Fiat Currency to Deposit

Click to operate: <a href="https://www.btcc.com/en-US/user-center/assets/deposit/usdt">https://www.btcc.com/en-US/user-center/assets/deposit/usdt</a>

Deposit in fiat currency is to use credit card or other fiat currency channel to buy and deposit money. As the global fiat currency channel varies, the actual situation needs to be based on the current fiat currency channel used by BTCC to carry out relevant operations.

Select the purchase quantity and payment currency, then click Pay Now on the corresponding payment method to proceed to payment.

After successful purchase, the payment will be credited to your BTCC account within 2~30 minutes. Blockchain network conditions or service provider status may affect the crediting time.

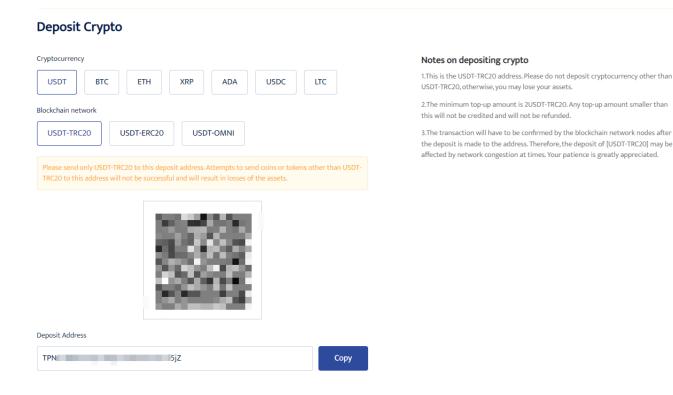

If you encounter any problems when making a deposit, please contact our customer service via the bottom right corner of this page.

## 3.2 Select Crypto Deposit

Click to Operate: <a href="https://www.btcc.com/en-us/user-center/assets/deposit/crypto">https://www.btcc.com/en-us/user-center/assets/deposit/crypto</a>

Here's a quick guide on how you can make deposits on our platform.

- 1. Go to the the **Assets** page on our website. Tap **Deposit**.
- 2. Select the type of cryptocurrency that you would like to make a deposit in. Tap Deposit to make a deposit of crypto such as USDT/BTC/ETH/XRP.
- 3. If you are depositing USDT, you will see the available networks for this currency, including USDT-OMNI, USDT-ERC20, USDC-TRC20,
- 4. Please choose the deposit network carefully and make sure that the selected network is the same as the network of the platform you are withdrawing funds from. That is to say, if you select the wrong network, you will lose your funds.
- 5. Copy your BTCC Wallet's deposit address and paste it to the address field on the platform you intend to withdraw crypto from. Alternatively, you may also scan the QR code.

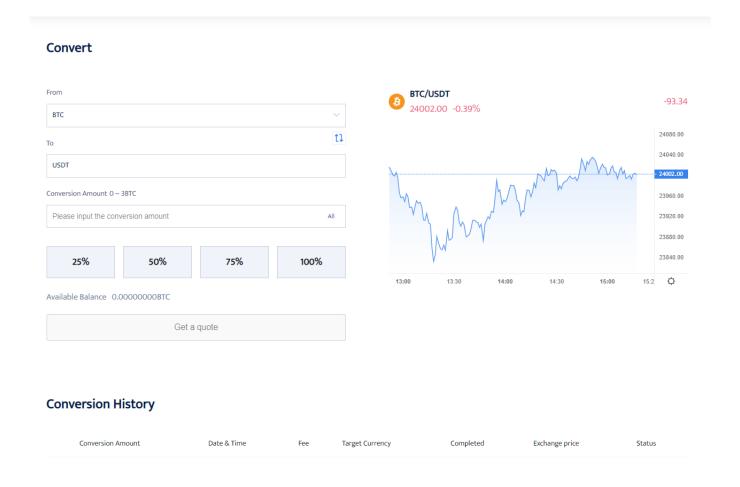

## 3.3 Convert

BTCC offers futures trading, which enables users to leverage up to 225x on over 300 USDT-margined and coin-margined perpetual contracts. Traders may generate profits by maintaining either long or short positions.

If the user does not possess USDT, it will suggest that they exchange USDT at BTCC. This tool enables users to instantaneously convert over 200 distinct types of cryptocurrencies into USDT, enabling them to trade USDT-margined futures on the platform.

The BTCC Conversion Function is a beneficial addition to the toolkit of a merchant. This enables BTCC consumers to convert the crypto they possess into USDT in a matter of seconds. This eliminates the necessity for users to undergo the time-consuming process of transferring cryptocurrency from their wallet and subsequently converting it to USDT.

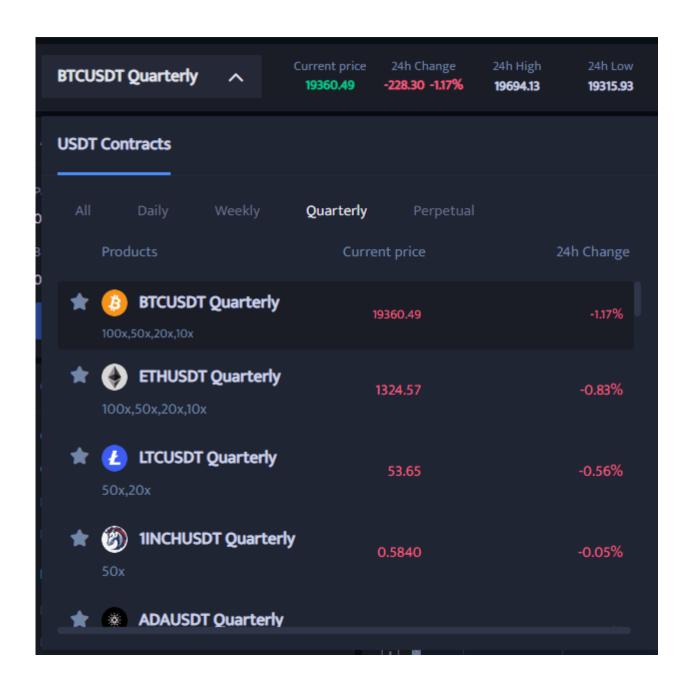

You can view specific convert records on the Convert Record.

# 4. How to Trade Crypto Futures Contract on BTCC

In this guide, we're taking a closer look at how to buy and sell crypto futures contract on BTCC.

## 4.1 Choose the type of crypto futures

Here is a list of the many cryptocurrencies available for trading, as well as their market prices. On this page, you may select your cryptocurrency futures contract and monitor the current market price at any moment. You can go long when the price is high and short when the price is low. To see feed of previously executed trades on the platform, select a crypto contract (For example: BTC Weekly).

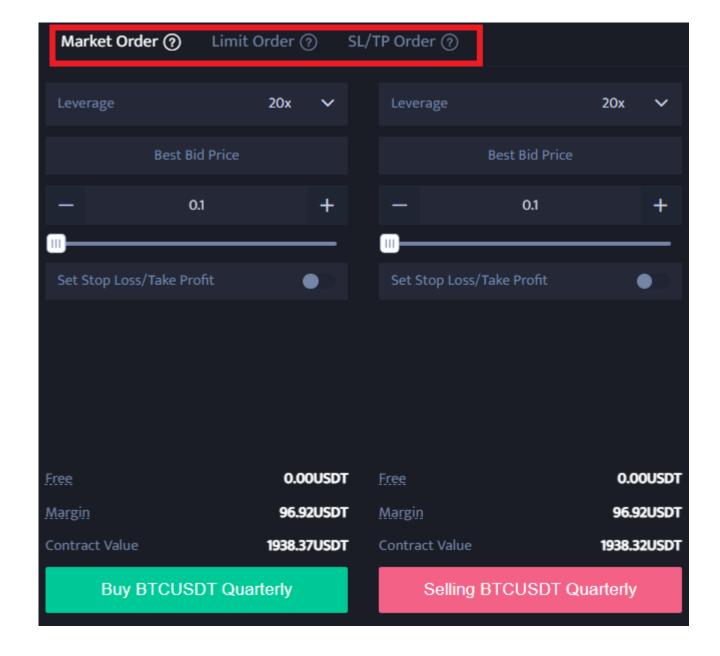

## 4.2. Choose the type of crypto order

Select the contract trading order type. BTCC contract orders are divided into **market orders, limit orders and stop-loss orders.** 

- Market Order: Users place orders at the best price in the current market to achieve fast trading.
- **Limit Order:** Limit Order is used to plunge to the top/bottom of the market, which is a user-defined bid/ask price. Once the market reaches the limit price, it can be filled.
- **Stop Loss Order:** Stop Loss Order can be interpreted as a "Breakout Order", which is an advanced limit order where the user can set a custom bid/ask price. After the market reaches the limit price, it will be closed.

The leverage multiplier can be adjusted by yourself, for example, the minimum leverage of BTC contract of the week is 10x, and the high leverage multiplier is 100x.

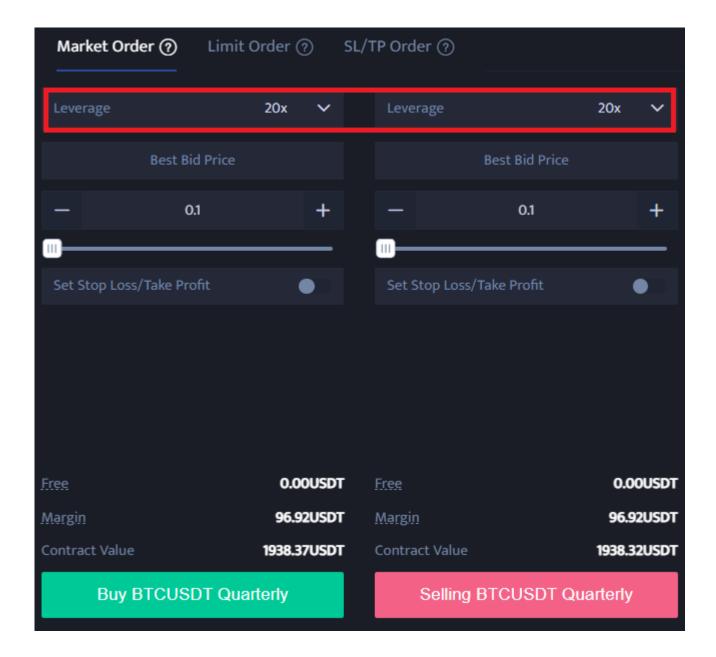

Trading units can be selected according to the user's investment situation, the range can be 0.01-30 lots to choose from, with real-time changes in the contract value and reference margin below.

## 4.3. Choose the leverage

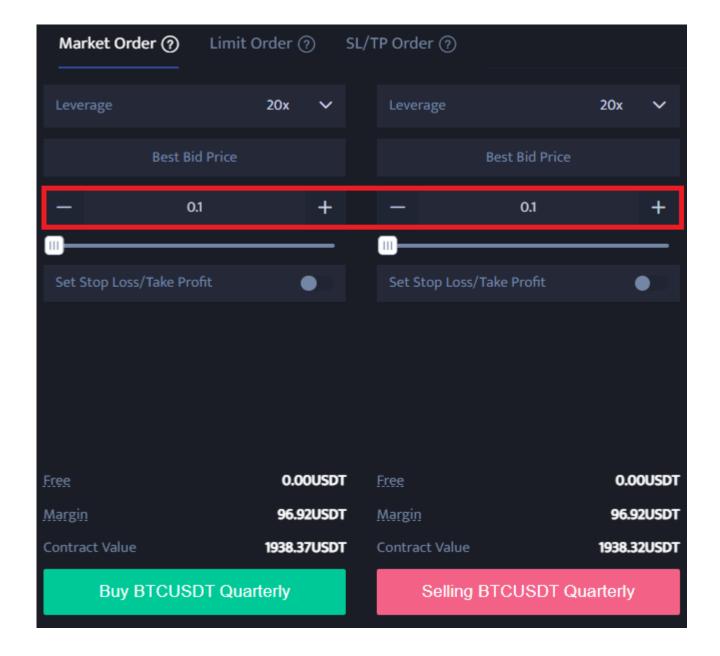

You can manually change your leverage for each position. Choose leverage amount. Specify the amount of leverage by tapping on and tap the leverage amount.

Please keep in mind that operating leverage carries the risk of liquidation. Leverage should be adjusted based on your financial status and risk tolerance.

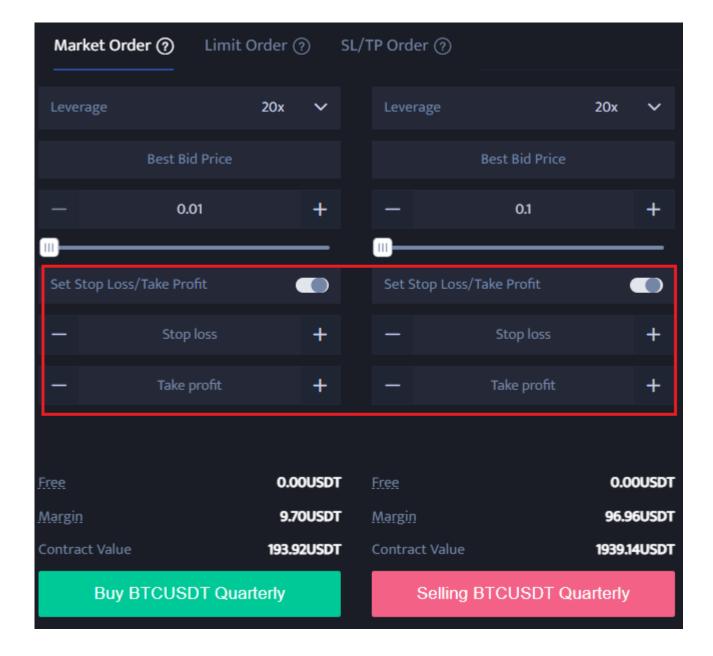

## 4.4. Choose the lot size

The contract trading unit at BTCC allow users to choose the number of lots based on their investment situation, and the range can be selected from 0.01 to 200 lots.

# 4.5. Set the stop profit and stop loss price

Market orders, limit orders and stop orders all need to set a take-profit and stop-loss price. The difference is that market orders are executed immediately at the best price, while limit orders and stop orders need to be set for the same day or a week.

## 6) Monitor and Manage Trades

After everything is set up, Buy or Sell to play your order. A confirmation window will show up, check if all info is correct and click [Confirm] to open the position.
