## MANA Price Prediction 2030 Conclusion: Is Decentraland a Good Investment?

As Decentraland is one of the most popular [metaverse](#) platforms that record huge volumes and sales, many crypto experts believe that MANA coin is a good investment when compared to other DeFi coins, and some mainstream cryptos.

As with most small altcoins, however, Decentraland is an extremely risky investment. It has huge profit potential, but it's also possible to go down. If you had invested in MANA at \$0.08 at the beginning of 2021, you would have gained huge returns on your investment.
