Omni Network (OMNI) Price Prediction 2024

Indications from the 15-minute chart differed slightly from those from the 5-minute chart. A downward channel had formed in OMNI as of the time of press, indicating that selling pressure was quite high.

Nevertheless, the pattern also indicated that sellers were becoming tired, which may lead to a rebound from the lows. The Awesome Oscillator (AO), which moved out of the negative area and into the positive one, added credence to this.

According to the Fibonacci sequence, OMNI's price could reach \$31.84 in the near future. On the other hand, prices may rise before 2024 comes to a close. If market sentiment stays positive for the majority of 2024, OMNI might be worth \$66.35 by year's end.

Since Omni Network is based on this, its token stands to benefit if the hype surrounding it continues to grow. This means that by 2025, OMNI might reach \$75.
