What is Scaleswap?

Scaleswap is the first fair IDO launchpad for distinctively premium blockchain-based projects. Using an ETH layer 2 scaling protocol powered by Polygon, users can get to enjoy low fees and remain guided by the platform end-to-end without needing the experience of the underlying scaling protocol.

Scaleswap aims to set the new standard in DeFi by making excessive gas fees a thing of the past, and reimagining community appreciation and governance through a comprehensive scoring system that rewards loyalty and participation in 6 different dimensions.

SCA token utilities and benefits

Pool Participation

SCA token holders obtain allocation in pools based on their ScaleSCORE. ScaleSCORE is the core element in the Scaleswap platform that ensures that the most loyal and dedicated supporters of mission are rewarded. The key to unlocking all of the wonderful benefits in the ecosystem is holding the SCA token and achieving a high ScaleSCORE.

Governance

SCA token holders can build the governance organization within the ScaleDAO, which is planned to be built on the latest Tier 2 DAO platform of MetisDAO. Voting power in the DAO will be weighted based on ScaleSCORE.

Airdrop

Airdrop is one of the most popular methods for projects to accelerate early growth. To market their robust security and great loans, Scallopwap has hosted a few airdrops. Weighted by ScaleSCORE, the most loyal community members are always rewarded, and the project airdropping tokens is onboarding the most proven and strongest of supporters.
